On- Line Registration -

All Categories will be limited to 50 cyclists due to the limited criterium racing area. If there are over 50 cyclists in the Category Men's 5 there will be a second "B" group.

The combining of categories for the criterium will depend on the number of cyclists in the two fields. For example, if Pro/Cat 1 have 35 riders and Cat 2 have 30 riders, combined it would be over the size of the field limit for the criterium which is 50. The Pro/Cat 1 field would race separately from the Cat 2 field. However if Women's 35+ has 21 cyclist and Women's 50+ has 10 cyclist (31) they will be combined in the criterium.

Race Promoter will notified all registered cyclist via e-mail and post it on the web page under "UPDATES" as soon as a category is filled.

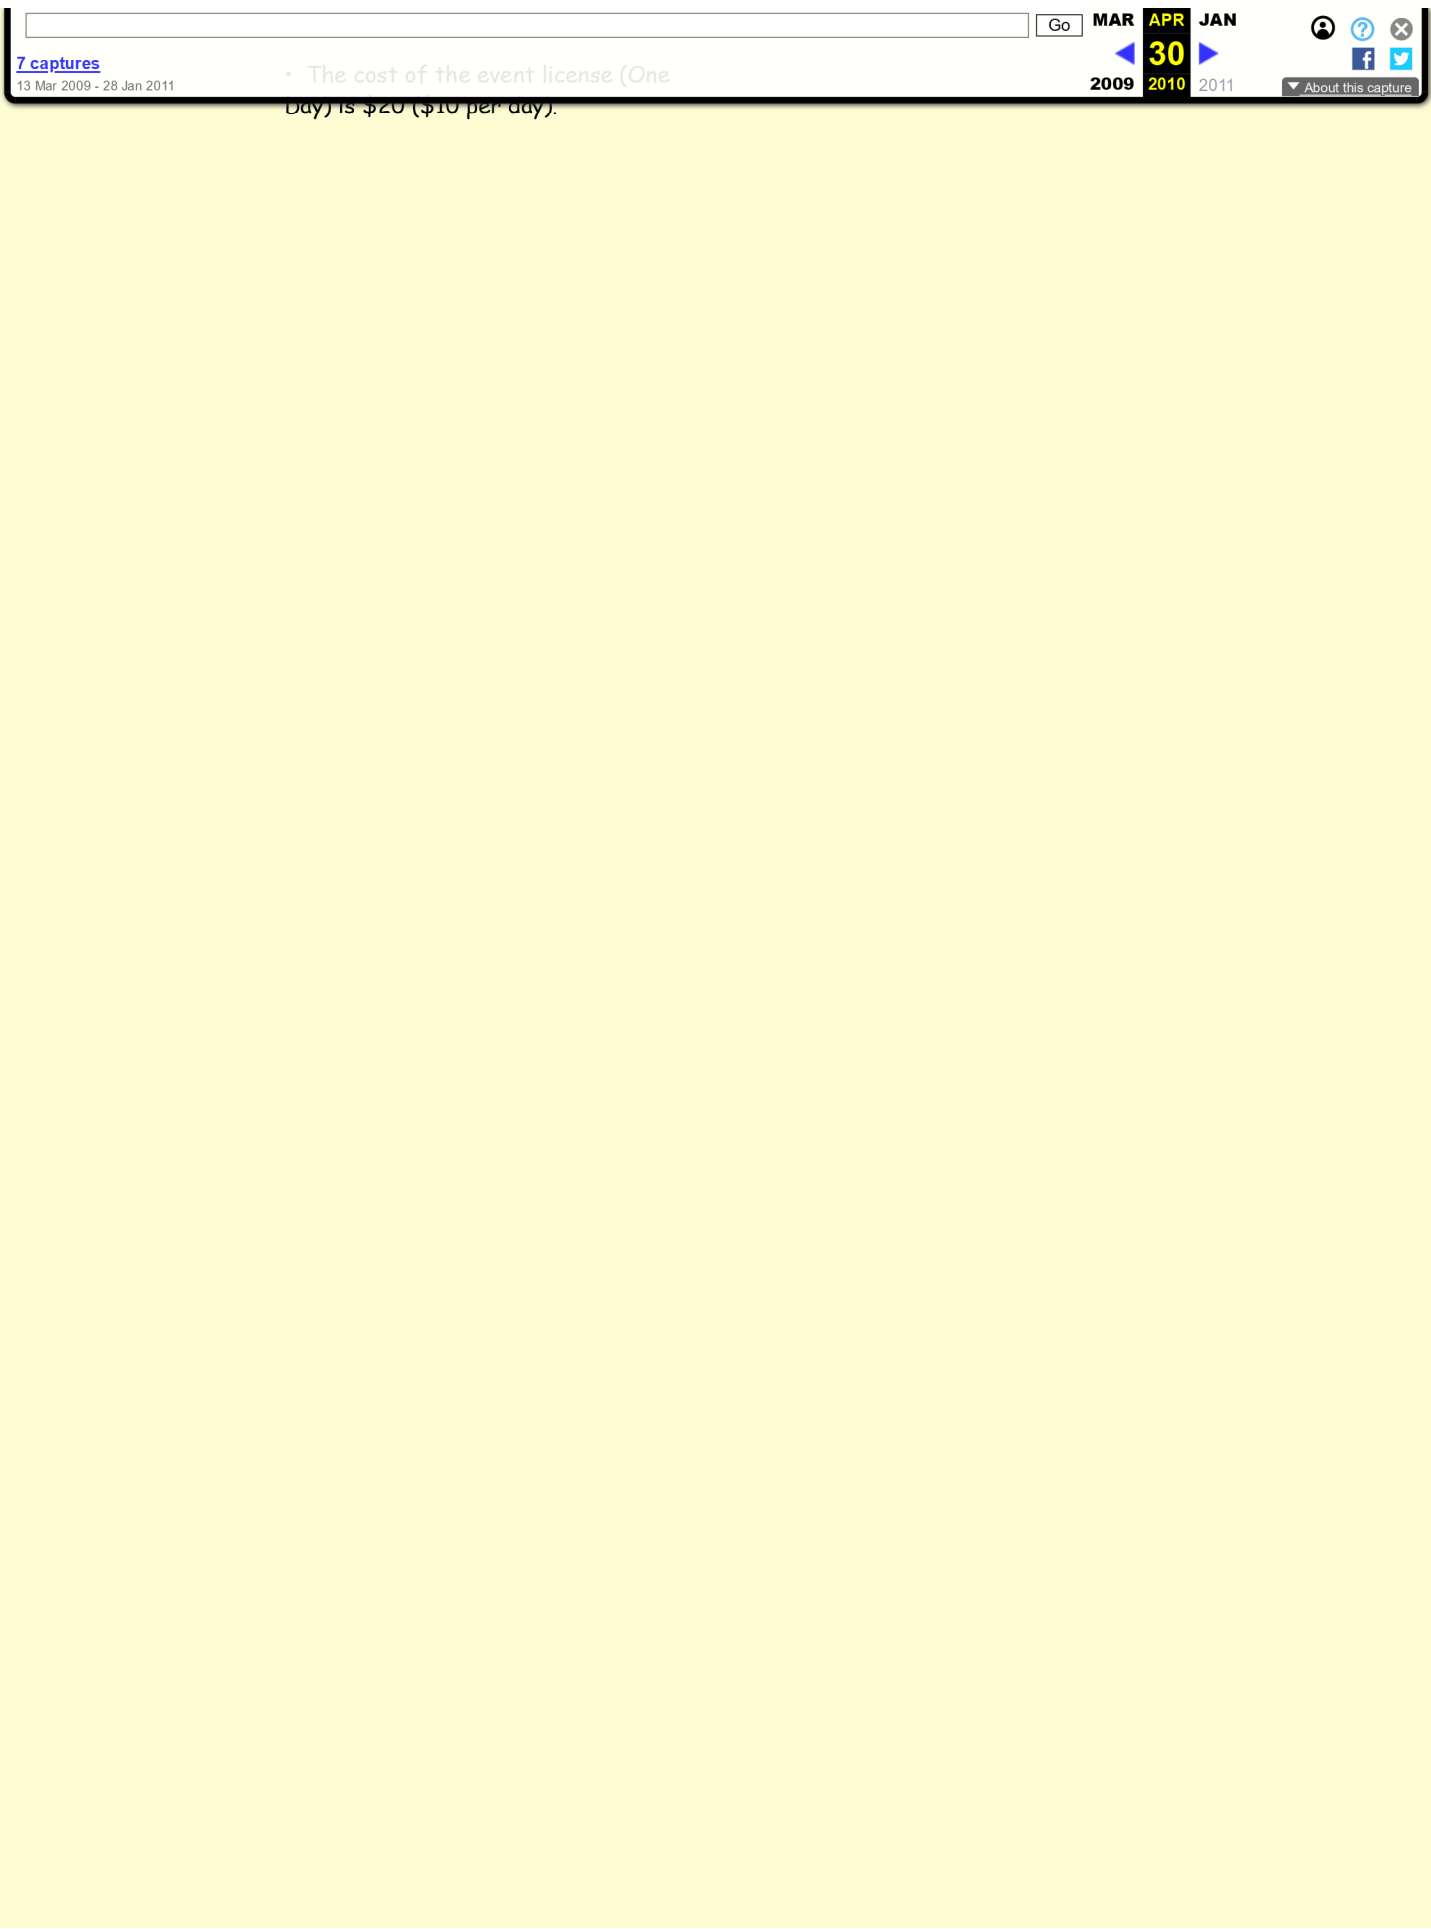

If categories that are noted to race together but scored separately in the criterium exceed the 50 cyclist limit, they will be racing the criterium separately.

The Road Race limit is 75.

**Promoter reserves the right to adjust prize money depending on field size.**
