

**This closed race is a replica of the famous Suzuka Kart Circuit in Suzuka, Japan. This is a VERY TRECHNICAL (NOT “Dangerous”) criterium. 0.7986 miles per lap, 34 feet wide with 13 turns and 17 feet of elevation change per lap. The surface is clean, smooth and FAST! Racers are recommended to select extra-sticky tires with decreased air pressure for this race.**

**There are no road hazards of obstacles (no potholes, manholes, raised pavement markers, or curbs.) Complete with a true straightaway sprint finish and high G-Force Turns!**

**Direction to Criterium - - - - -**

**Criterium course!**
